

DEDICATION

MRS. GRACE WHEELER

We often think about

The things you have done

To make our school J. H. S.

A more than happy one.

We wish that there were something

Extra special we could do

To show how much it means to have

A teacher as dear as you.

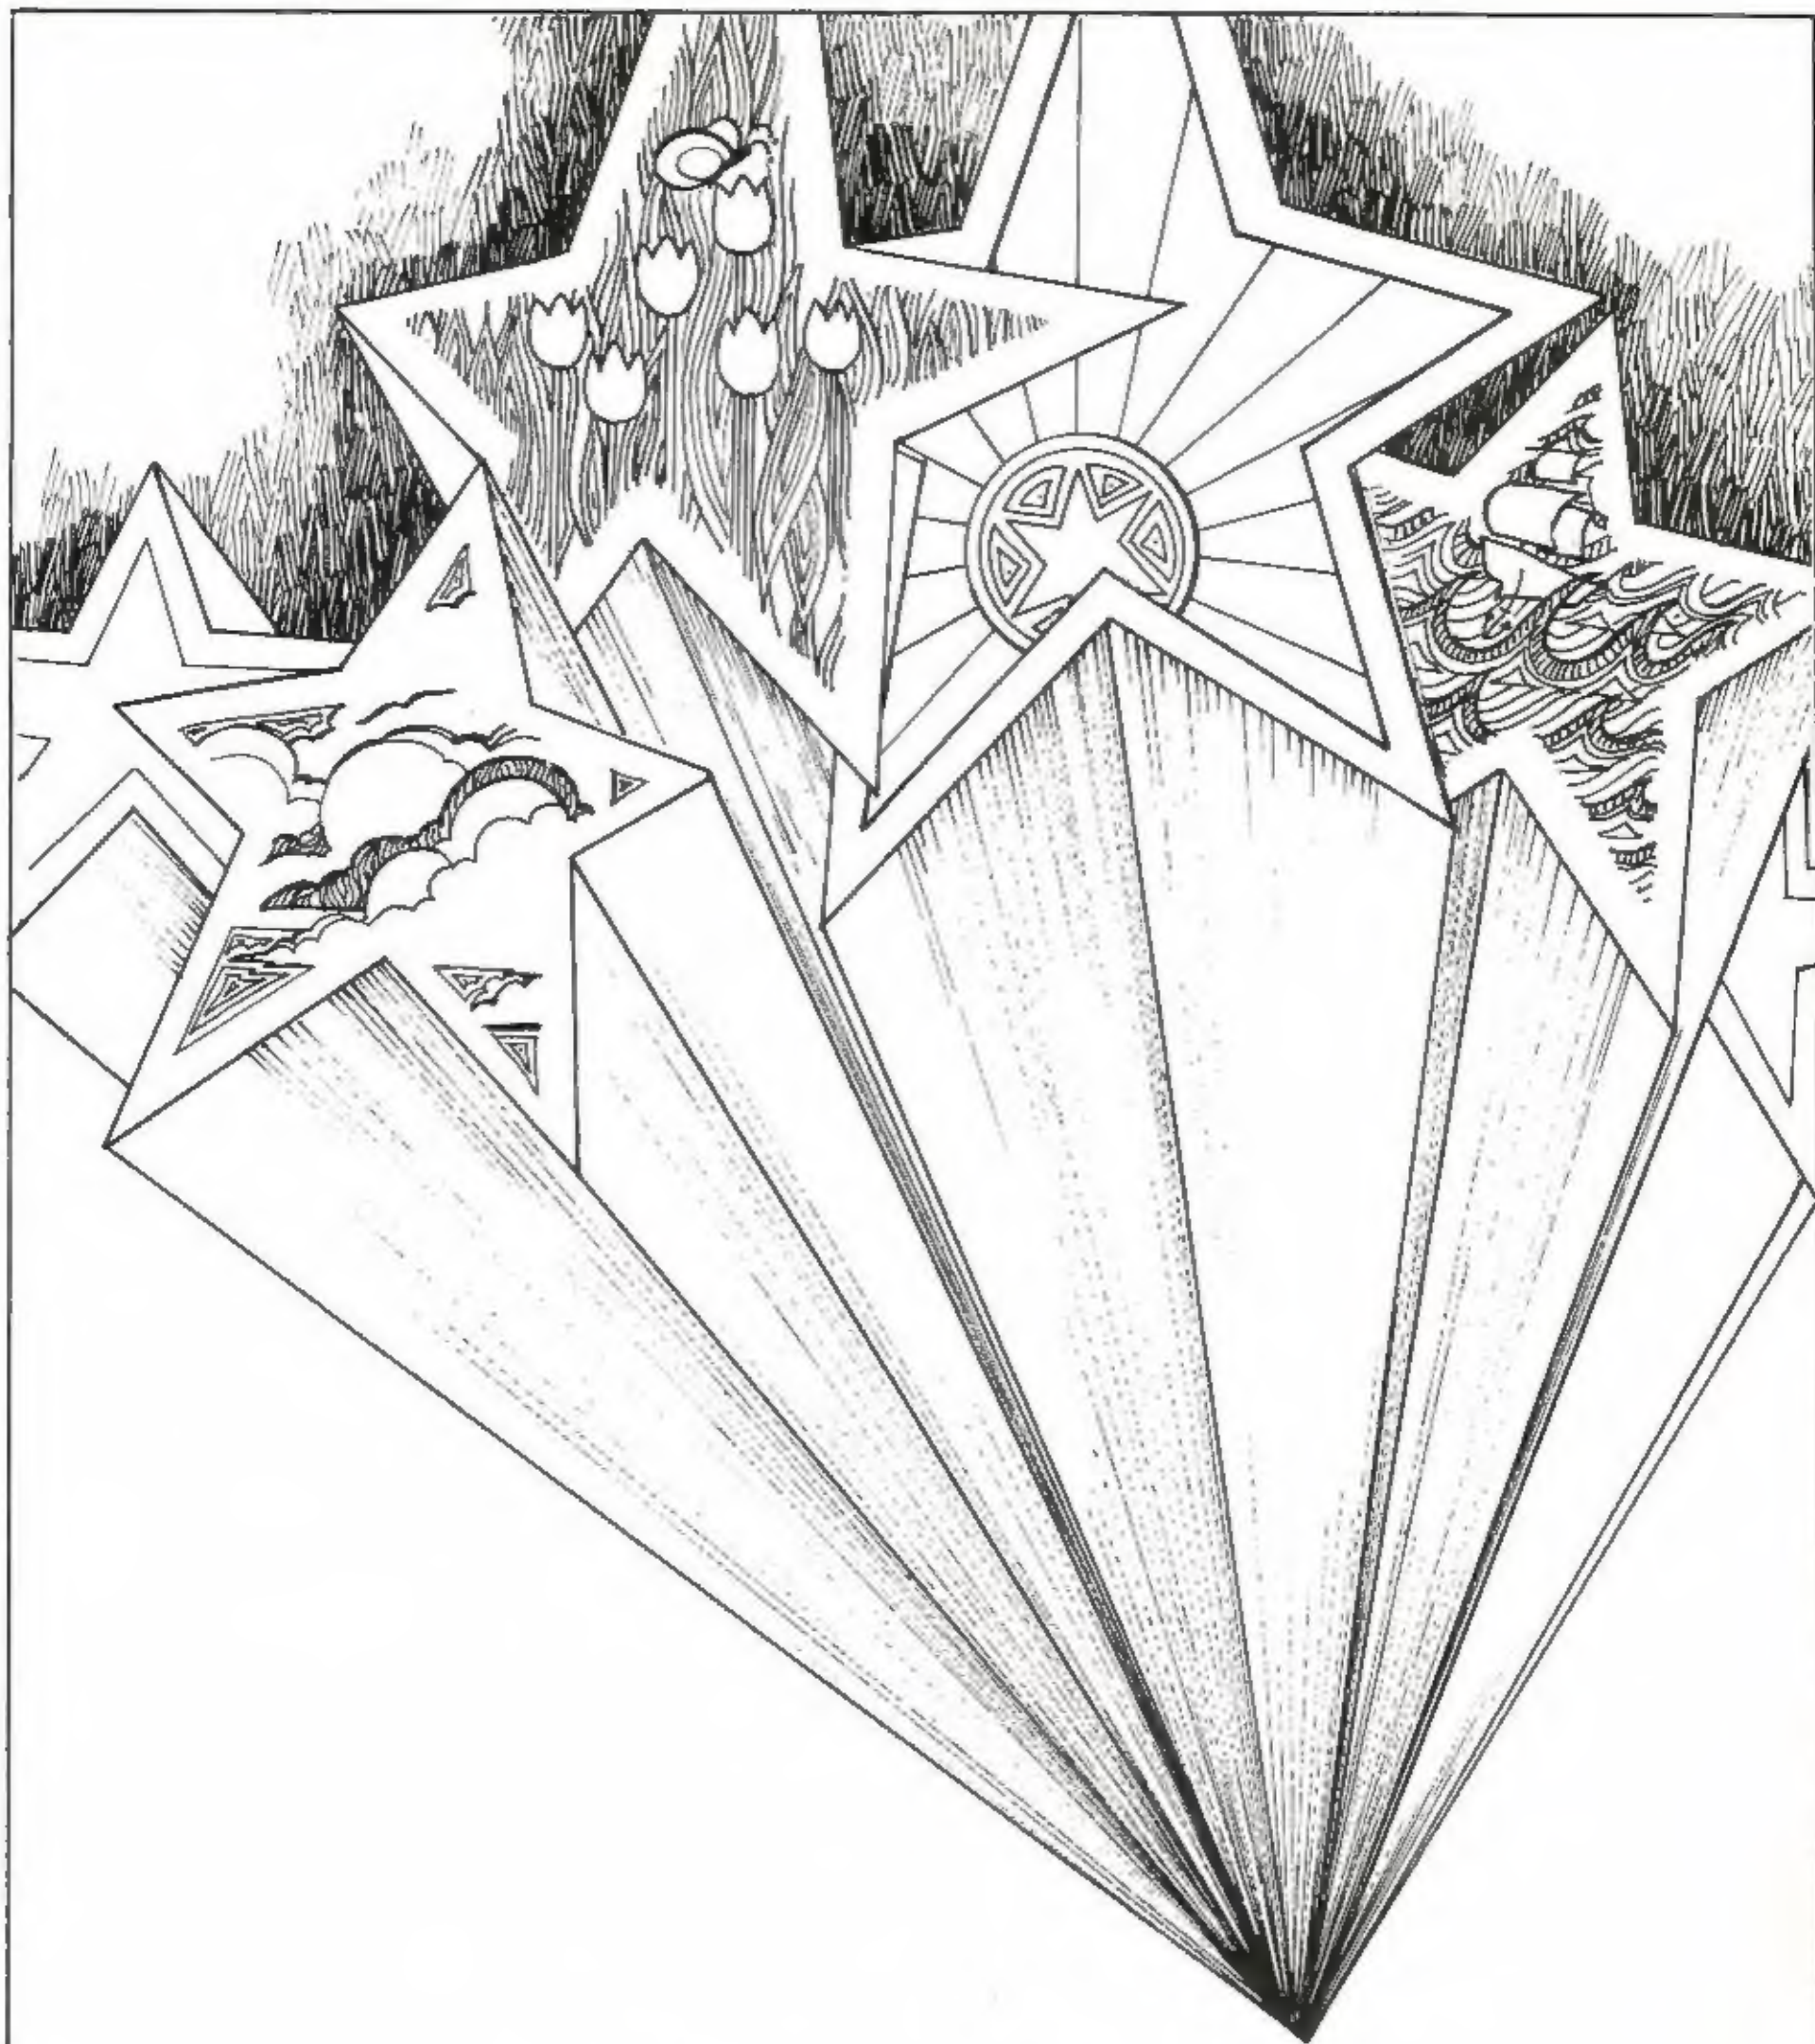

But though we're really not very good

At things like that, you see.

We hope you'll know this annual

Brings "worlds of love" from "we."

Since 1938, Deep East Texas Electric has been Helping Texas Grow with an abundance of low-cost electricity consistent with current economic standards. We have grown because a rural America demanded the luxuries of electricity, the same as their suburban counterparts.

Just as the seniors of 1971 will help Texas grow, we will continue to serve our consumers with an abundance of electricity in a manner desired by all. The taxes we pay and the money we return to you through capital credits is the money you helped us to earn.

Serving Shelby, Nacogdoches, San Augustine,
Panola, and Newton Counties
